

Dry Stripping, Scrubbing, Stripping

The TigerHawk 1410 revolutionary rectangular “floating head” is easy to maneuver with less vibration and fatigue than other orbiting brands. The WD™ handle design assures 100% pad contact with the floor. The 1410 works three times faster than rotary floor machines, easily reaching into corners and along baseboards. Add the optional 2.5 gallon solution tank for even greater productivity.

The TigerHawk 1410 can strip large areas of floor finish without chemicals. The 1410 is excellent for sanding, scrubbing and stone polishing. Easy to learn. Easy to use.
